23-year-old undergoes heart transplant

Twenty-three-year-old Shirley Feldman, underwent a heart transplant on Thursday at Sheba Medical Center at Tel Hashomer. The heart was donated by the family of a 41-year-old woman who had suffered a brain hemorrhage and gone into brain death.

Feldman was hospitalized two months ago with cardiac insufficiency. After the surgery, she was in stable condition at the hospital's cardiothoracic intensive care unit. • Judy Siegel
